

Unitarian Universalist congregations affirm and promote eight Principles, which we hold as strong values and moral guides.

We live out these Principles within a “living tradition” of wisdom and spirituality, drawn from sources as diverse as science, poetry, scripture, and personal experience.

- 1) The inherent worth and dignity of every person;
- 2) Justice, equity and compassion in human relations;
- 3) Acceptance of one another and encouragement to spiritual growth in our congregations;
- 4) A free and responsible search for truth and meaning;
- 5) The right of conscience and the use of the democratic process within our congregations and in society at large;
- 6) The goal of world community with peace, liberty, and justice for all;
- 7) Respect for the interdependent web of all existence of which we are a part;
- 8) Journeying toward spiritual wholeness by working to build a diverse and multicultural Beloved Community by our actions that accountably dismantle racism and other oppressions in ourselves and our institutions.
