UUs have a hundreds-years-old history of tolerance, searching, & moral courage. UUs have NO creeds and NO dogmas. Each UU tries to find their own meaningful path in an accepting community, based on seven principles:

- The inherent worth and dignity of every person
- Justice, equity and compassion in human relations
- Acceptance of one another and encouragement of spiritual growth
- A free and responsible search for truth and meaning
- The right of conscience and the use of the democratic process
- The goal of world community with peace, liberty, and justice for all
- Respect for the interdependent web of all existence of which we are a part
